

Rockwell Part

Rockwell Parts - AxleTech International is a leading supplier in the world of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working within an environment that encourages the highest integrity with empowered teamwork, combined with a unyielding pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They place great emphasis on being an environmentally conscious business and offering a safe atmosphere for their employees to work in. Additionally, they have applied lots of programs within the organization to be able to help convey these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whatever questions or comments, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are very dedicated to improving and preserving the surroundings. AxleTech has an EHS program that not only protects the natural world but which likewise actively protects their staff and neighbors also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles used for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles to meet certain application demands. They have over 1000 different axle specs within their existing offering. With over 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in many commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product collection.
