

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how long and tiresome it would actually be to tidy up after a party, with no assistance from equipment. Not too long ago, the dust from carpets and upholstery had to be beat out of them by hand; brooms, brushes and cleaning cloths were the best cleaning products back then.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in the year 1906, he started to produce motors in order to drive machine tools, coffee grinders, drills and fans. Mr. Fisker's vision from the start was to have an international business advertising merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that could be operated by a single person in view of the fact that it only weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were very big and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the manner we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an existing dilemma; things get filthy and must be cleaned on a regular basis, without too much effort.

Slowly but steadily, Nilfisk-Advance grew all through the years. In the nineteen eighties, this expansion actually took place when the company became a part of the NKT Group. Their new owners' drive and motivation made Nilfisk-Advance take a huge leap forward within the industry, aspiring to be among the biggest universal players in the market of professional cleaning machines. Nilfisk-Advance is currently found in every part of the world by gradually obtaining numerous smaller companies so as to develop their product selection and presence in new markets. They are really proud to provide various cleaning solutions to suit each need.
